Dear Ms. Walli:

Re: Regional Planning for Electricity Infrastructure
Board File Number: EB-2011-0043

Vulnerable Energy Consumers Coalition - Intention to Participate and Request an Award of Costs

As Counsel to the Vulnerable Energy Consumers Coalition (VECC), I am writing, per the Board's Letter of April 1st to indicate VECC's intention to participate in the above consultation and request an award of costs. VECC acknowledges that this participation notice and request for cost awards is being filed after the due date of April 13th set by the Board. We apologize for the late filing of our request, it was through inadvertence on our part. Based on our understanding of the procedure for objection to cost eligibility requests parties will be able to object once our request is posted on the RESS; it is our further understanding that the requests of others were posted for the first time today, such that there should be no prejudice to other parties as a result of our late filing.

1 Interests Represented

VECC is a coalition of groups that represents the interests of those energy consumers who, because of their household income, or other distinguishing characteristic such as age, literacy, etc, have a set of concerns that may differ in kind, and, in magnitude, from those of more affluent residential consumers as well as commercial and industrial

consumers.

VECC consists of the following organizations:

- The Federation of Metro Tenants Association (FTMA)
- The Ontario Coalition of Senior Citizens' Organizations (OCSCO)

The Federation of the Metro Tenants Association (the "FTMA") is a non-profit corporation composed of hundreds of affiliated tenants associations, individual tenants, housing organizations, and members of non-profit housing co-ops. In addition to encouraging the organization of tenants and the promotion of decent and affordable housing, the Federation provides general information, education, and assistance to tenants. The address is:

500-27 Carlton Street
Toronto, ON
M5B 1L2

The Ontario Coalition of Senior Citizens' Organizations ("OCSCO") is a coalition of over 120 senior groups as well as individual members across Ontario. OCSCO represents the concerns of over 500,000 senior citizens through its group and individual members. OCSCO's mission is to improve the quality of life for Ontario's seniors. OCSCO's address is:

333 Wilson Avenue, Suite 406
Toronto, ON
M3H 1T2

The coalition of the FMTA and OCSCO under the name VECC has the specific mandate of intervening in proceedings to advocate on behalf of the interests of Ontario's vulnerable consumers with respect to energy issues, primarily through intervention in regulatory proceedings at the Ontario Energy Board.

Although the organization is not itself a member of VECC, the Public Interest Advocacy Centre (PIAC) in Ottawa assists in the representation of the interests of vulnerable consumers by ensuring the availability of competent representation and consultant support to the VECC participation.

1. VECC's Interest in the Issue and Participation

VECC's constituents' general concerns are that electricity rates should be kept as low possible consistent with the need to maintain the reliability and quality of service. If undertaken properly, regional planning offers the opportunity for reduced electricity delivery costs and improved reliability of supply. However, it also introduces challenges in terms of appropriate cost sharing amongst participants. As result, VECC is interested in the outcome of the consultation and how it will impact its constituents.

VECC plans on attending the May 12th stakeholder meeting.

VECC would request that both its counsel and its consultant be placed on the distribution list for future developments. The contact information for both is provided below:

Mr. Michael Buonaguro
Counsel
c/o Public Interest Advocacy Centre

(416) 348-0641 (fax)
bharper@econalysis.ca

Mr. Harper's CV can be found at www.econalysis.ca.

2. VECC's Intention to Request an Award of Costs

VECC will be requesting an award of costs for its participation in this proceeding and believes that it meets the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure and its Practice Direction on Cost Awards.

As noted in PIAC's letter of July 14, 2004 on the matter of Stakeholder Participation in the Board's regulatory policy development processes, there are two types of customer and public interest organizations:

- Those that are member sponsored and can allocate a limited amount of staff resources paid out of membership fees to respond to the economic or political interests of their members and
- Public interest groups that are not generally member funded or do not have funds available for tribunal interventions,

VECC is in the latter category and uses the Public Interest Advocacy Centre to provide and co-ordinate the representation of its interests. VECC's constituent organizations, which consist of over one half million members, belong primarily to seniors and tenant groups. In order to provide meaningful and informed comment on the issues on which the Board is seeking input, VECC must rely on cost awards to fund the participation of its counsel, consultants and advisors.

Yours truly,

Michael Buonaguro
Counsel for VECC
