Dear Mr. Pedwell:

**Re: Goldcorp - Red Lake Gold Mines  
Application for Facilities  
Application Board File Number EB-2011-0106**

On April 20, 2011 Goldcorp Canada Ltd. and Goldcorp Inc. ("Goldcorp") filed an application for leave to construct new 115kV transmission facilities in the Municipality of Red Lake. As part of the leave to construct application Goldcorp also included an application for a licence to own and operate a transmission system. Both applications were filed under the Board File No. EB-2011-0106.

On April 21, 2011 the Board issued a letter advising Goldcorp to file the leave to construct application under EB-2011-0106 and the licence application under EB-2011-0119.

This will acknowledge receipt on April 25, 2011 of your application for leave to construct Transmission Facilities. The Board has assigned File Number EB-2011-0106 to this application. Please refer to this file number in all future correspondence to the Board regarding this application. All information related to this application must be filed with the Board Secretary.
