**Application for Extension to Mandated Time of
Use Pricing Date for Regulated Price Plan
Consumers**

Orangeville Hydro Limited

EB-2011-0082

April 29, 2011

BACKGROUND

Orangeville Hydro Limited (“Orangeville Hydro”) filed an application dated March 15, 2011 with the Ontario Energy Board for a licence amendment granting an extension in relation to the mandated date for the implementation of Time-of-Use (“TOU”) pricing rates for Regulated Price Plan consumers.

Orangeville Hydro is applying for an extension from its June 2011 mandated TOU date and requesting a new TOU date of September 2011. Orangeville Hydro states the extension is necessary due to delays experienced implementing and coordinating the roll-out and training on a new customer information system and advanced metering infrastructure network, which has caused Orangeville Hydro to fall behind on original wave testing dates with the Independent Electricity System Operator.

The Board issued a Notice of Application and Hearing on March 28, 2011. Board staff filed interrogatories on the application on April 14, 2011. Orangeville Hydro responded to these interrogatories on April 25, 2011.

This submission is being provided by Board staff following a review of the application and evidence filed in this proceeding.

STAFF SUBMISSION

Having reviewed the application and evidence, Board staff has no issue with Orangeville Hydro’s request.

All of which is respectfully submitted.
