Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street
PO Box 2319, 27th Floor
Toronto, ON
M4P 1E4

Dear Ms. Walli:

**RE: Application by Canadian Distributed
Antenna Systems Coalition ("CANDAS"); Request for Interim Relief;
Board File No.: EB-2011-0120**

We represent CANDAS in connection with its application to the Board regarding access to the power poles of licensed electricity distributors for the purpose of attaching wireless telecommunications equipment ("**Application**").

The Application seeks, in sections 1(d) and 11.1, an order under subsection 21(7) of the *Ontario Energy Board Act, 1998* directing Toronto Hydro Energy Services Inc. ("**THESI**") to identify THESI's light standards, poles or other structures classified as distribution assets in accordance with the Board's Decision and Order issued on February 11, 2010 in EB-2009-0180 ("**MADD Order**") and directing Toronto Hydro-Electric System Limited ("**THESL**") and/or THESI to refrain from removing, selling or disposing of any "DAS" facilities currently affixed to any of the foregoing, pending disposition of CANDAS's requests for final orders.

As a result of an agreement reached between DAScom Inc. (a member of CANDAS) and THESI, CANDAS is hereby withdrawing its request for interim relief with respect to removal of any wireless equipment from THESI's light standards, poles or other structures and related relief as

per section 1(d) and section 11.1 of the Application, and CANDAS will not pursue or reapply for, now or in the future, its request for the interim relief described above.

Yours very truly,

A handwritten signature in black ink, appearing to read "Helen T. Newland". The signature is fluid and cursive, with the first name "Helen" and last name "Newland" clearly distinguishable.
