Dear Ms. Walli:

**Re: Canadian Distributed Antenna Systems Coalition Request for certain orders under the *Ontario Energy Board Act, 1998*
Board File No. EB-2011-0120**

Veridian Connections Inc. (“Veridian”) hereby requests intervenor status in the EB-2011-0120 proceeding regarding the Canadian Distributed Antenna Systems Coalition (“CANDAS”) application for certain orders under the *Ontario Energy Board Act, 1998*.

The Ontario Energy Board’s May 11th, 2011 Notice of Application and Hearing states CANDAS is seeking an order requesting that the licences of all electricity distributors be amended so as to require all electricity distributors to provide Canadian carriers with access to the power poles for the purpose of attaching wireless equipment, including wireless components of distributed antenna systems. Veridian is an electricity distributor operating under Ontario Energy Board licence number ED-2002-0503, and therefore has a direct interest in the outcome of this proceeding.

Veridian does not intend to seek an award of costs.

For the purposes of this proceeding, Veridian requests that all documents filed with the Board by each party to the proceeding be served on the following company representatives:
