Re: EB-2011-0038 UNION GAS - ESM AND DEFERRAL ACCOUNT DISPOSITION

As discussed with Board staff, the Federation of Rental-housing Providers of Ontario (FRPO), the Canadian Manufactures & Exporters (CME) and the Corporation of the City of Kitchener Utilities (KITCHENER) are concerned with the complexity of the application and specifically the importance of the storage study and have, therefore, sought and retained expert advice from Mr. John Rosenkranz of North Side Energy LLC. While the attached interrogatories are a result of our reliance on advice by Mr. Rosenkranz, each intervenor will be submitting its own interrogatories that were outside the consultation efforts of our retained expert and our specific additional interrogatories are denoted on the last pages of this submission.

Submitted on Behalf of FRPO,

Dwayne R. Quinn
Principal
DR QUINN & ASSOCIATES LTD.

c. C. Ripley, Union Gas
Intervenors
V. Brescia, FRPO
