**Application for Extension to Mandated Time of
Use Pricing Date for Regulated Price Plan
Consumers**

Orillia Power Distribution Corporation

EB-2011-0107

May 30, 2011

BACKGROUND

Orillia Power Distribution Corporation (“Orillia Power”) filed an application dated April 12, 2011 with the Ontario Energy Board, for a licence amendment granting an extension to the mandated date for the implementation of time-of-use (“TOU”) pricing rates for certain Regulated Price Plan consumers.

Orillia Power applied for an extension to its mandated June 2011 TOU pricing date for eligible General Service under 50 kW customers requiring three phase smart meters and requested a new date of November 2011 for this group of customers. Orillia Power states the extension is necessary due to prolonged delays experienced in delivery of three phase smart meters. The extension affects approximately 800 General Service under 50 kW customers.

The Board issued a Notice of Application and Hearing on April 29, 2011. Board staff filed interrogatories on the application on May 12, 2011. Orillia Power responded to these interrogatories on May 20, 2011.

This submission is being provided by Board staff following a review of the application and evidence filed in this proceeding.

STAFF SUBMISSION

Having reviewed the application and evidence, Board staff has no issue with Orillia Power’s request.

All of which is respectfully submitted.
