Exhibit A, Tab 1, Schedule 1, lines 15 and 16
Exhibit A, Tab 3, Schedule 1

1. Please revise these Schedules to include the debit balances at December 31, 2010, in each of these deferral accounts so that the information requested will be available in the event that the sale transaction proceeds prior to the October 1, 2010 date Union proposes for the clearing of 2010 deferral account balances.

Incremental Transportation Contracting Analysis

Reference: Exhibit A, Tab 5

2. Attached is a copy of a presentation that we understand was made by a Union representative in Calgary in the Spring of this year. At page 9 of the presentation, Union appears to indicate that it has contracted for 21,101 GJ/d of firm transportation from Niagara to Kirkwall to accommodate the delivery of Marcellus Shale gas into its integrated system. In connection with this presentation, please provide the following additional information:
 - (a) Has Union executed a Precedent Agreement with TransCanada PipeLines Limited (“TCPL”) for the 21,101 GJ/d of firm transportation from Niagara to Kirkwall as indicated in the presentation?
 - (b) If so, then please provide an incremental transportation contract analysis pertaining to that arrangement in the same format of the analysis presented in Exhibit A, Tab 5; and
 - (c) Please explain why a contract analysis with respect to this arrangement was not included in Exhibit A, Tab 5.
