Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: EB-2010-0144 – Waterloo North Hydro – Motion to Review and Vary the Rate Order

We are in receipt of Waterloo North Hydro's (WNH) letter requesting a Motion to Review and Vary its Rate Order. After reviewing the Rate Order, School Energy Coalition (SEC) is in agreement with WNH that a transposition error has occurred for the Embedded Distributor Rate Class as they have described. SEC has no concern with their proposed corrected Tariff of Rate and Charges.

Sincerely,
