Jacob Pool Storage Project

Response to Undertaking
from Board Staff/MNR

To determine whether Union will be implementing the new Annex to CSA Z341 expected in August 2011.

Response:

The Jacob Storage Pool pipeline will be covered under the Union Gas Pipeline Integrity Management Program. This program meets the requirements of the current Annex N in the CSA Z662-07 and will meet the requirements of the new version of Annex N in the CSA Z662-11 when it is published later this year and adopted into Ontario Regulations by the TSSA.
