BY COURIER & RESS

Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street, Suite 2700
Toronto, ON M4P 1 E4

Dear Ms. Walli:

**Re: Natural Resource Gas Limited ("NRG")
2011 Rates – Phase II: Revised IR Plan
Board File No.: EB-2010-0018**

We are counsel to Integrated Grain Processors Co-operative Inc. and IGPC Ethanol Inc. (collectively "IGPC").

We are writing further to our letter of May 16, 2011 to clarify our request. IGPC would expect, and formally requests, the Board to proceed with the following two processes:

- IRM – an order to schedule the consideration of Natural Resource Gas Ltd.'s IRM proposal complete with the filing of additional evidence by NRG and, potentially, intervenors, the opportunity for cross-examination and submissions by all parties.
- IGPC Motion – an order(s) setting a timetable to consider the motion that was deferred in September 2010. There has been no progress on this motion and it is unlikely to be resolved by the parties. Given the Board's decision in this proceeding and its decision in the review and variance of the administrative penalty certain costs and issues from the motion have been decided. Therefore, IGPC would suggest an order to establish a timetable for a hearing of the motion, including a date by which IGPC is to file a revised notice of motion. If the Board is inclined to grant this request, a suggested date no earlier than June 30, 2011 would be appropriate for the filing of the revised motion.

IGPC submits these issues may be dealt with separately and much of proceedings may be conducted in writing.
