Dear Ms. Walli:

**Re: Summerhaven Wind, LP Leave to Construct Application (EB-2011-0027) –
Independent Electricity System Operator IRs to Hydro One Networks Inc.**

On June 10, 2011, the Independent Electricity System Operator (the “IESO”) wrote to the Ontario Energy Board (the “Board”) to ask for clarification regarding whether it is reasonable for the IESO to file interrogatories on additional information that was provided by Hydro One Networks Inc. (“Hydro One”) during the course of the Technical Conference held on May 17, 2011. In the Board’s response letter dated June 13, 2011, it confirmed that the request was indeed reasonable, and the Board is interested in having as complete a record as possible in this proceeding and therefore will allow the IESO to file interrogatories on the evidence provided by Hydro One at the Technical Conference. In light of this, please find enclosed the IESO’s requests which are directed to Hydro One.

Yours truly,
