RE: EB-2011-0038 Union Gas Def. Acct./Earnings Sharing - Notice of Intervenor Evidence

In accordance with Procedural Order No.1 issued May 13, 2011, the Federation of Rental-housing Providers of Ontario (FRPO), along with the Canadian Manufacturers & Exporters (CME) and the City of Kitchener (Kitchener), provides formal notification of our intent to submit intervenor evidence in the above proceeding.

As noted in our submission of May 12, 2011, we believed that the Board would be assisted by the retention of an expert and subsequently retained the services of John Rosenkranz of North Side Energy LLC. Upon review of the Applicant's responses to our interrogatories and in consideration of the importance of these issues to ratepayers, we have concluded that improved clarity would be brought to the issues in the proceeding by the submission of intervenor evidence.

We have initiated dialogue with the Applicant and Board Staff to move the process forward in an expeditious fashion. For efficiency, in parallel with evidence preparation, we will be seeking clarity from the applicant through supplemental interrogatories submitted this week. We will continue to work with the Board, Staff and the Applicant to achieve an effective process for the determination of these matters and have proposed a submission date for our evidence of July 6, 2011. We have also proposed that the applicant could provide its questions about our evidence prior to a technical conference which could be pre-scheduled as early as the third week of July.

We thank the Board for providing us with the opportunity to submit evidence in its Procedural Order and remain available to serve the Board's interests in this proceeding.

Respectfully submitted on behalf of FRPO, CME and Kitchener,

Dwayne R. Quinn
