Reply to Board Staff Submission

2	IN THE MATTER OF the Ontario Energy Board Act,
3	1998, S.O. 1998, c.15 (Schedule B);
4	
5	AND IN THE MATTER OF an application Hydro
6	Hawkesbury Inc. for an order or orders approving or
7	fixing just and reasonable distribution rates and other
8	charges, to be effective May 1, 2011.
9 10	On April 29, 2011 the Board issued its Decision and Partial Order with respect to Hydro Hawkesbury Inc. ("HHI") IRM3 rate application effective May 1, 2011.
11 12 13 14	In the decision the Board noted that it understood that there is an issue with respect to the amounts that were approved for disposition in Account 1588 – RSVA – Power (including the global adjustment sub-account) in Hydro Hawkesbury 2010 cost of service application (EB-2009-0186).
15 16 17	The Board determined that it required a new notice be published. The Board therefore ordered HHI to comply with an appended Letter of Direction attached to the Partial Decision and Order.
18 19	HHI arranged for publication of the required notice and provided the Board with Affidavits of Service in due course. No intervenor requests were received.
20 21	On May 12, 2011, HHI filed Additional Evidence related to the deferral and variance account issue as required by the Notice of Application issued on April 29, 2011.
22 23 24 25 26	HHI additional evidence proposed a methodology for correcting the balances in Account 1588. HHI set out a process where the accounting order from the HHI's EB-2009-0186 Decision would be restated to show the correct Account 1588 disposition amounts of a credit of \$649,652 (Account 1588 – excl. global adjustment sub-account) and a debit of \$252,664 (Account 1588 – global adjustment sub-account).
27 28	HHI requested that the existing Rate Rider for Deferral/Variance Account 1 Disposition (2010) - effective until April 30, 2012 and the existing Rate Rider for Global Adjustment

Hydro Hawkesbury Inc. EB-2010-0090 Filed: June 17, 2011 Exhibit 1 Tab1 Schedule 2 Page 2 of 6

- 1 Sub-Account Disposition (2010) effective until April 30, 2011 approved and applied as
- 2 a result of HHI's EB-2009-0186 Decision be applied against the restated accounting
- 3 order outlined above. The Account 1588 (excl. Global Adjustment sub-account) balance
- 4 would be further adjusted by a credit amount of \$505,329 (being \$252,664.61 times
- 5 two) representing the incorrect disposition amount from the EB-2009-0186 Decision.
- 6 The Account 1588 (Global Adjustment sub-account) balance would be further adjusted
- 7 by a debit amount of \$505,329 (being \$252,664.61 times two).
- 8 On May 26, 2011 HHI received the Board staff interrogatories. HHI replied to Board staff
- 9 interrogatories on June 3, 2011.
- 10 The Board staff submission of June 9, 2011 put forward a prospective and simplified
- 11 proposal for correcting the Account 1588 errors for HHI to comment on in its reply
- 12 submission.
- 13 Board staff state that they are of the view that if HHI were to maintain the opening
- principal balances in Account 1588 (as originally filed in the EB-2010-0090 proceeding)
- and then adjust the Account 1588 balances by the amounts that were approved for
- disposition in the EB-2009-0186 proceeding, the errors in Account 1588 would self-
- 17 correct on a prospective basis.
- 18 Board staff noted that their proposed methodology requires no restatement of the
- 19 Accounting Orders in the EB-2009-0186 Decision and results in the same corrected
- 20 2009 Deferral and Variance account balances as results from HHI's proposal.
- 21 Board staff further noted that disposing of the 2009 Group 1 accounts over an 8-month
- 22 period result in high bill impacts for Non-RPP customers (approx. 9% 13%). Therefore,
- 23 Board staff submitted that a disposition period of 32 months is appropriate for rate
- 24 mitigation purposes. A 32 month disposition period results in bill impacts of approx. 2% -
- 25 3.2% for Non-RPP customers.
- 26 Board staff submits that its above proposal is the simplest and most effective way of
- correcting the Account 1588 errors. Board staff requested that Hawkesbury comment on
- the correctness of the proposed methodology.

Reply Submission

29

- 30 HHI concurs with Board staff's proposed methodology for correcting the disposition
- 31 error referenced above.

Hydro Hawkesbury Inc. EB-2010-0090 Filed: June 17, 2011 Exhibit 1 Tab1 Schedule 2 Page 3 of 6

- 1 HHI therefore requests that the Board allow HHI to dispose of its 2009 Group 1
- 2 accounts effective August 31, 2011. HHI further requests that the Board allow HHI to
- 3 include in disposal of 2009 Group 1 accounts the adjustment as referenced by Board
- 4 staff.
- 5 However HHI would request the Board allow HHI to dispose of the balances over a one
- 6 year period, being September 1, 2011 to August 30, 2012. HHI understands that this will
- 7 still result in positive bill impacts for Non-RPP customers but not to the severity level of
- 8 the original eight month period proposed. HHI bases this request on the premise that
- 9 had the error not originally occurred that the resulting rate rider from the Board may
- have terminated April 30, 2012. HHI would note that the Non-RPP customers have
- enjoyed artificially reduced bills over the past rate period. HHI is also concerned that
- 12 extending the time for recovery may result in inequitable recovery of amounts from the
- 13 volatile nature of the Non-RPP customer base.

Summary of Application

- 15 HHI hereby attest that the following balances are the true balances for 2009 Group 1
- Deferral and Variance accounts that HHI is requesting disposal of effective August 31,
- 17 2011.

- 1 HHI accepts Boards staffs proposal to include in addition to the calculation of the 2009
- 2 Group One Balances Excluding USoA 1588 Global Account Sub-Account a credit
- adjustment amount of \$505,329.22 (being \$252,664.61 times two) to be refunded to all
- 4 customers on a volumetric basis representing the offsetting amount error. HHI proposes
- 5 to include in addition to the calculation of the 2009 Group One Balance USoA 1588
- 6 Global Account Sub-Account a debit adjustment amount of \$505,329.22 (being
- 7 \$252,664.61 times two) to be collected from Non-RPP customers on a volumetric basis
- 8 representing the offsetting amount error. Hence HHI attest that the following balances
- 9 are the true adjusted balances for 2009 Group 1 Deferral and Variance accounts that
- 10 HHI is requesting disposal of effective August 31, 2011.

RESIDENTIAL SERVICE CLASSIFICATION

This classification refers to the supply of electrical energy to customers residing in residential dwelling units. Energy is generally supplied as single phase, 3-wire, 60-Hertz, having nominal voltage of 120/240 Volts and up to 400 amps. There shall be only one delivery point to a dwelling. The Basic Connection for Residential consumers is defined as 100 amp 120/240 volt overhead service. A Residential building is supplied at one service voltage per land parcel. Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges, assessments or credits that are required by law to be invoiced by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, charges for Ministry of Energy Conservation and Renewable Energy Program, the Global Adjustment, the Ontario Clean Energy Benefit and the HST.
