Re: **Summerhaven Wind, LP**
Application for Leave to Construct Electricity Transmission Line and
Related Facilities (the "Transmission Facilities") and Approval of form of
Easement Agreement - Board File Number EB-2011-0027

The Board received an Email dated June 27, 2011 from Capital GP Holdings Inc. ("Capital Power") referring to its June 17, 2011 letter to the Board in regard to Procedural Order No. 7 issued on June 22, 2011, where the Board Order stated that:
*"intervenors, and Board staff shall file with the Board and provide copies to all parties any submissions in reply to Summerhaven's reply submission insofar as they are limited to matters related to the common connection point as outlined in the SIA report on or **before Tuesday, July 5, 2011.**"*

In the noted Email, Capital Power requested that it be permitted to reply to the submissions of the applicant, Board staff and intervenors that may be adverse to the interests of Capital Power, in view of the unique circumstances of this case.

The Board is hereby allowing Capital Power the right to reply to the submissions of the applicant, Board staff and intervenors that may be adverse to its interests, **no later than Tuesday, July 5, 2011.**

Yours truly,
