**Subject:** Hydro One six months exemption

To whom it may concern  
My microfit project number FIT-MX6J7BW

I received a email advising of Hydro Ones request for a six month exemption for hook up.  
Could someone clarify his to me.  
I have a conditional offer of microfit Contract and a Offer to connect account # 20575-02004.  
With this exemptiondoes his mean I will not be connected until after six months or does it pertain to future connection requests.  
Im concerned as I have alot invested in this project.  
Please advise.  
Thankyou

Ken Rhame
