Subject: Interaction Reference #2011-0010534 RE: OEB Application #EB-2011-0118

Dear Secretary to the Energy Board:

Re: Notice of Application and Written Hearing - EB-2011-0118

Community Living Essex County is in receipt of Notice of Application and Written Hearing - EB-2011-0118 dated June 22, 2011, regarding Hydro One Networks Inc. and are requesting observer status in regard to this matter.

We have concerns regarding our approved Micro-FIT project for a Solar Photovoltaic installation for which we have a signed connection agreement with Hydro One. This project is funded through a grant from the Renewable Energy Initiative program and time constraints have been imposed by the Province of Ontario's Ministry of Municipal Affairs and Housing. A condition of funding is that our project must be completed, connected and operating before the program expires, March 31, 2012.

Please forward information to Community Living Essex County regarding Application #EB-2011-0118 to me. My contact information is:

Lynne Shepley,
[REDACTED]
[REDACTED]
[REDACTED]

Please confirm that we have been assigned observer status.

Thank you, and also thank you to Lindsay who was a great help when I called your office today.

Sincerely,

Lynne Shepley
