Re: Request for Intervenor Status – Notice of Application and Hearing For An Electricity Distribution Rate Change - Hydro One Networks Inc. - File # EB-2007-0681

Please be advised that the Municipality of West Grey Council is requesting Intervenor Status regarding Hydro One's Application for an Electricity Distribution Rate Change.

At its meeting held on February 4, 2008 West Grey Council passed the following resolution:

“RESOLVED THAT, the Council of the Municipality of West Grey hereby requests Intervenor Status and costs in the matter of the proposed Hydro One Networks Distribution Rate Increase, as detailed in Report CR #02/04/08.

The former Town of Durham is located in the Municipality of West Grey, therefore, West Grey has a vested interest in discussing the potential negative impacts that the Durham residents will be subject to as a result of the proposed rate increase. As well, the proposed electricity distribution rate increase has an overall negative impact on the Municipality of West Grey, in terms of economic development.

The Municipality of West Grey would like to discuss options to this proposed electricity distribution rate increase, such as establishing a phase in period.

In addition, West Grey is seeking costs from the applicant since the cost of our intervention made necessary by the proposed distribution rate increase should be borne by the corporation proposing this increase and not by the ratepayers of this municipality.

Please note, my email address has been changed to: robinsonc@westgrey.com

Yours truly,

ORIGINAL SIGNED BY CHRISTINE ROBINSON
