Re: EB-2011-0038 UNION GAS - ESM AND DEFERRAL ACCOUNT DISPOSITION

On behalf of CME, Kitchener and FRPO, we are submitting some additional questions to the Applicant in the above proceeding. Our desire is to allow the Applicant to prepare to respond to these questions at the Technical Conference on July 26, 2011 and did not want to delay the process of disclosure unduly. Most of the attached questions are follow-ups to unanswered interrogatories from the Supplemental IR's posed on June 20, 2011.

Submitted on Behalf of FRPO,

Dwayne R. Quinn
Principal
