IN THE MATTER OF the *Ontario Energy Board Act*
1998, S.O.1998, c.15, (Schedule B);

AND IN THE MATTER OF an application by
Enbridge Gas Distribution Inc. seeking approval of
new and updated demand side management
measures for the 2011 program year.

**NOTICE OF HEARING
AND
PROCEDURAL ORDER NO. 1**

On July 4, 2011, the Ontario Energy Board (the “Board”) received Enbridge Gas Distribution Inc.’s (“Enbridge”) updated application seeking approval for new and updated demand side management (“DSM”) measures for its 2011 program year.

Enbridge followed the approved process to establish the 2011 DSM input assumptions. Enbridge achieved full consensus from the 2010 Evaluation and Audit Committee (“EAC”). Specifically, changes were made to the substantiation documents for the new and revised 2011 DSM measures and free ridership rates were established for the following new perspective measures: Air Door (Shipping & Receiving), Condensing Make-up Air, Condensing Boiler (under 300 MBH), and High Efficiency Boiler (under 300 MBH). Enbridge requests that all 2011 DSM measure assumptions approved in the Union Gas Limited 2011 Update submission (EB-2011-0225) be applicable to Enbridge.

The Board has assigned file number EB-2011-0254 to this application.

The Board’s Decision with Reasons in the Natural Gas Demand Side Management Generic Proceeding (EB-2006-0021) outlined a process allowing

for updates to the DSM input assumptions, “arising from the evaluation and audit process, to be filed with the Board and considered accordingly”.

THE BOARD ORDERS THAT:

1. Enbridge shall immediately serve a copy of its application on each intervenor in the Natural Gas Demand Side Management Guidelines for Natural Gas Distributors proceeding (EB-2008-0346) and on each party currently involved in Enbridge’s DSM Consultative (full list attached as Appendix A).
2. Any party, including Board staff that wishes to comment on Enbridge’s application shall do so by written submissions filed with the Board, and delivered to Enbridge, **on or before July 29, 2011**.
3. Enbridge may respond by written submission filed with the Board, and delivered to all parties, **on or before August 8, 2011**.

All filings to the Board must quote the file number, EB-2011-0254, be made through the Board’s web portal at www.errr.ontarioenergyboard.ca, and consist of two paper copies and one electronic copy in searchable / unrestricted PDF format. Filings must clearly state the sender’s name, postal address and telephone number, fax number and e-mail address. Parties must use the document naming conventions and document submission standards outlined in the RESS Document Guideline found at www.ontarioenergyboard.ca/OEB/Industry. If the web portal is not available, parties may email their documents to the address below. Those who do not have internet access are required to submit all filings on a CD in PDF format, along with two paper copies. Those who do not have computer access are required to file 7 paper copies.

All communications should be directed to the attention of the Board Secretary at the address below, and be received no later than 4:45 p.m. on the required date.
