Re: EB-2008-0346

Dear Ms Walli,

As your records will show, EnviroCentre is registered as an Interested Party for EB-2008-0150 and EB-2010-0331/0332, if not others.

As invited by the Board, EnviroCentre also recently submitted comments on EB-2008-0346.

It appears that because EnviroCentre was not initially registered as an Interested Party for EB-2008-0346 it is not on the Board list used by natural gas utilities for their own consultations.

Although a little late, EnviroCentre is thus seeking the Board's indulgence to register it as an Interested Party for EB-2008-0346 so that it may be formally consulted by the gas utilities.

Please note that this request of the Board is simply for registration and is not a request to seek Cost Awards.

Yours truly,

A handwritten signature in black ink that reads "Dana Silk".

**Dr. Dana Silk
General Manager**
