Ontario Energy Board
2300 Yonge Street
Suite 2700
Toronto, ON M4P 1E4
Attention: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: Tribute Resources Inc. - Huron Bayfield Gas Storage Project
Board File Numbers: EB-2011-0076 / EB-2011-0077 / EB-2011-0078

Tribute Resources Inc. ("Tribute") is writing the Ontario Energy Board ("Board") to inform the Board of its intentions to proceed with the Revised Notice of Applications for the above mentioned applications as per the instructions found in the Board's Letter of Direction dated June 6, 2011.

Tribute will proceed with Publishing the Revised Notice in the London Free Press as well as with serving copies of the Revised Notice, the location maps and a copy of the application (and pre-filed evidence, where applicable) to all directly affected landowners and agencies immediately. All parties expected to receive a copy of the Revised Notice should be receiving a copy by registered mail in the coming week. The Revised Notice will be published with the London Free Press as soon as practicable.

Tribute will also be filing an amended application for the Stanley 4-7-XI Pool (EB-2011-0076) in the coming days. As was communicated to Board staff in multiple conversations that have taken place over the past month, the changes to the Application are strictly to correct a typographical error and to better convey what Tribute is asking of the Board with that particular application. The amendments will not require a further revised Notice of Applications.

We thank you for your patience on this matter and look forward to proceeding with this file.

Sincerely,
Tribute Resources Inc.

A handwritten signature in black ink, appearing to read "Chris Butler".

Chris Butler
Manager, Project Development
