Dear Mr. Butler:

**Re: Tribute Resources Inc.
Amended Applications for Huron Bayfield Storage Project Development
Board File Nos. EB-2011-0076;EB-2011-0077;EB-2011-0078**

The Board is in receipt of Tribute's amended Stanley 4-7-XI Pool application dated August 4, 2011. The Board notes that the scope of the relief sought in the amended application has changed from that originally filed on April 21, 2011. Tribute's additional request for an order determining compensation payable to landowners under section 38(3) of the *Ontario Energy Board Act, 1998*, (the "Act") is a significant change from the original application. Accordingly, a new Notice of Application, with an additional file number, needs to be issued by the Board which incorporates the additional relief sought with respect to compensation to landowners.

Furthermore, the Board notes that Tribute has not filed any evidence in support of the section 38(3) request made under the Act and as such the application as filed is incomplete.

A new Notice of Application and letter of direction will be issued by the Board after Tribute files sufficient evidence in support of its request for an Order determining compensation payable to affected landowners. Until that time, the application will be stayed.

Yours truly,

Original signed by

Kirsten Walli
Board Secretary
