Director, Regulatory Affairs

cc. Applicant & Intervenors (by email)

**Ontario Energy Board**

**IN THE MATTER OF** the *Ontario Energy Board Act, 1998*,  
S.O. 1998. c. 15, (Schedule B);

**AND IN THE MATTER OF** an application by Canadian  
Distributed Antenna Systems coalition for certain orders under  
the *Ontario Energy Board Act, 1998*.

**INTERROGATORIES OF  
HYDRO OTTAWA LIMITED  
("HYDRO OTTAWA")**

**August 9, 2011**

**CANADIAN DISTRIBUTED ANTENNA SYSTEM COALITION  
EB-2011-0120**

**HYDRO OTTAWA LIMITED  
INTERROGATORIES**

**Interrogatory #1**

Ref: Application, pages 1-3

Issue: Relief Sought

For each section of the relief sought in your application (sections a through g), please identify individually which reliefs would apply to Hydro Ottawa and individually what is the purpose of each relief that is sought?

**Interrogatory #2**

Ref: Application, pages 1-3, section (e)

Issue: Relief Sought

Please identify and detail the specific terms and conditions being sought by CANDAS through this application? Please indicate the process that CANDAS proposes to seek CANDAS's request for "a standard form of licensed occupancy agreement" for all electricity distributors in Ontario?

**Interrogatory #3**

Ref: Evidence, pages 106-108

Issue: Necessarily use of Hydro Infrastructure

In LEMAY-YATES ASSOCIATED INC's evidence re question 5, it states that "Utility Poles including hydro Poles, lampposts, street lights are clearly the support structure that best fulfills these requirements", and "...in Beaconsfield, it was noted that...two rooftops would also be used for DAS nodes." These quotes identified the locations for DAS nodes at rooftop, lampposts, streetlights etc. In addition to the power poles, please identify any and all structures and locations for DAS nodes. Please provide any details on the advantages / disadvantages for in each type of structure / location.
