Dear Ms Walli:

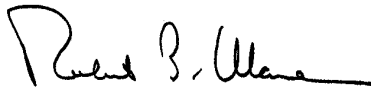

**Re: EB-2010-0184**

We have received a copy of Mr. Virani's letter to you of August 9, 2011. In that letter Mr. Virani proposes that the written submission of Board Staff be filed after the written submission of my clients and the Attorney General. We respectfully disagree. Given that we do not know what position Board Staff is going to take, we think it both fair and reasonable that Board Staff's written submissions be filed before the written submission of my clients and that of the Attorney General.

In the alternative, if the written submission of Board Staff is not to be filed first, it should be filed after the written submission of my clients and that of the Attorney General. It would be unfair to permit the Attorney General, but not my clients, the opportunity to respond in writing to the written submissions of Board Staff.

Yours very truly,
