Dear Ms. Walli:

**Re: Enersource Hydro Mississauga Inc. Request for Intervenor Status  
Board File No. EB-2011-0054**

Further to the **Notice of Application and Hearing for an Electricity Distribution Rate Change** issued by the Board on July 7, 2011, Enersource Hydro Mississauga Inc. ("Enersource") is requesting intervention status in the above noted proceeding. We acknowledge that this request is late and would readily accept the record and the timelines for the proceeding as they stand if intervenor status is granted.

Enersource is one of the six largest electric utilities in Ontario with approximately 190,000 customers. Enersource and its customers have a direct interest in many new, emerging issues being addressed in Hydro Ottawa's 2012 rate application, including the transition to IFRS and the development of Green Energy Plans. Enersource wishes to better understand these issues and stakeholder concerns to assist its own efforts as it prepares its next cost of service rate application.

We wish to receive all future documents issued by all participants in this matter. Electronic delivery is acceptable. We ask that any such correspondence pertaining to this proceeding be served on Enersource as follows:

Fax: 905-566-2737  
Email: [gdejulio@enersource.com](mailto:gdejulio@enersource.com)

Enersource will not be seeking an award of costs in this proceeding.

This Application is being filed via the Board's RESS. Two hard copies of the Application will be delivered via courier to the Board.

We thank you for your attention to this matter and trust that this letter will be sufficient for the granting of intervenor status to Enersource. If you have any questions or concerns with this request, please do not hesitate to contact me at (905) 283-4098.

Sincerely,
