Attention: Ms. K. Walli, Board Secretary

Dear Ms. Walli,

Re: EB-2011-0282 - RES Canada Transmission LP (RES) Transmission Licence Application - Great Lakes Power Transmission LP (GLPT) Request for Intervenor Status

We are counsel to GLPT. In response to the RES's Application and Evidence dated August 18, 2011 (the Application), GLPT is applying for intervenor status in the above-noted proceeding.

GLPT operates significant electricity transmission facilities in Ontario, and is a regulated Ontario electricity transmitter. GLPT appears regularly before the Ontario Energy Board and, as a transmitter, may be affected by the Application.

GLPT intends to participate in the proceeding by reviewing the application and prefiled evidence and any additional records or documents filed as part of the proceeding. GLPT therefore requests that all records or documents filed with the Board in this proceeding also be served to GLPT's counsel, as follows:
