Dear Ms. Walli:

**EB-2011-0222 – Upper Canada Transmission Inc (UCT) Transmission Licence Application –
Hydro One Networks Inc. Argument**

Hydro One has reviewed the comprehensive interrogatory responses of Upper Canada Transmission Inc. (UCT) in the above-referenced proceeding. Hydro One has no submissions to make with respect to UCT's application, other than to note a link to the recent licence amendment application filed by TransCanada Power Transmission (TCPT). If that application results in a change in the effective date of TCPT's licence, Hydro One suggests that the Board may wish to consider putting the other new entrant transmitters on a similar footing with respect to the effective dates of their licences in order to ensure a level playing field.

Hydro One appreciates the full responses to its interrogatories provided by UCT and its affiliates.

Sincerely,
