DECISION AND ORDER

David Ferracuti Investments Limited o/a Dynergy Energy Management Solutions ("Dynergy") filed an application with the Ontario Energy Board pursuant to section 74 of the *Ontario Energy Board Act, 1998*, on April 12, 2011. Dynergy requested that the name of the licence be amended from David Ferracuti Investments Limited o/a Dynergy Energy Management Solutions to Dynergy Energy Management Inc.

On July 22, 2011, the applicant filed additional information to complete its application.

The licence amendment is granted.

Reasons

The applicant stated that in order to focus more on its core business of energy data collection and reporting services, to better serve its customer base and to explore new business opportunities in the energy marketplace, it changed its name to Dynergy Energy Management Inc.

In support of its application, the applicant filed with the Board a copy of the certificate of incorporation dated January 17, 2011. The applicant also filed a letter dated January 10, 2011 notifying its customers of the change in company name and address.

The applicant indicated that with the exception of the name change and address, all other information pertaining to the existing licence remains unchanged.

The applicant stated that no parties will be adversely affected in a material way by the name change.

I have proceeded without a hearing pursuant to section 21(4)(b) of the Act since no other parties are adversely affected in a material way by the outcome of the proceeding and the applicant has requested that the matter be disposed of without a hearing.

IT IS ORDERED THAT:

Unit sub-metering licence ES-2007-0926 is amended as requested. The amended licence is attached to this Order.
