Dear Ms. Walli:

Re: Vulnerable Energy Consumers Coalition (VECC)
EB-2011-0038

With respect to submissions in this proceeding, please be advised that, similar to the submissions of Board Staff, VECC supports the bulk of the relief of requested by Union, save and except those issues relating to storage cost allocation, clearance of the two storage deferral accounts (Accounts 179-70 and 179-72), the claimed correction to UDC amounts, and the clearance of SSM/LRAM amounts.

With respect to Storage Cost Allocation issues and the clearance of the two storage deferral accounts, VECC, in recognition of the detailed review undertaken by others on these issues, defers to the other intervenors, particularly those that engaged Dr. Rosenkranz, with respect to any submissions that the Board may entertain that would alter the status quo allocations and the clearances proposed by Union.

With respect to issues concerning UDC and SSM/LRAM amounts, VECC has had the opportunity to review the draft submissions of the LPMA and SEC on those two issues respectively and can indicate its specific support for their submissions on those points.

Yours truly,

Michael Buonaguro
Counsel for VECC
