Dear Ms. Walli:

Re: EB-2010 - 0184: Motion by Consumers Council of Canada ("CCC") in relation to section 26.1 of the Ontario Energy Board Act, 1998 and Ontario Regulation 66/10 ("O.Reg.66/10")

We are counsel to the Association of Power Producers of Ontario ("APPrO") in the above-mentioned matter. APPrO's immediate interest in this matter is in relation to the delayed, but unresolved intention to apply the proposed charges to natural gas utilities and large natural gas consumers that are electricity generators. We have reviewed all submissions filed and believe that APPrO's views and argument have been largely addressed by the moving party and Union Gas. As a result, APPrO will not be in attendance at the hearing of this matter tomorrow.

If you have any questions, please do not hesitate to contact me.

Yours truly,

MACLEOD DIXON LLP
