Dear Ms. Walli:

Re: EB-2005-0201
TFEP 2006

Further to the Ontario Energy Board's Procedural Order issued September 26, 2011 Union may object to either the quantum or eligibility of cost claims filed in this proceeding.

Union has reviewed the cost claim as submitted by VECC and has no objections with respect to this claim.

Union has not received a cost claim from FONOM.

Accordingly Union has no submissions on costs.

Yours sincerely,
