October 15, 2011  
Our File No. 20110335

Ontario Energy Board  
2300 Yonge Street  
27<sup>th</sup> Floor  
Toronto, Ontario  
M4P 1E4

### **Attn: Kirsten Walli, Board Secretary**

Dear Ms. Walli:

### **Re: EB-2011-0335 – West Coast Huron Tornado Relief**

We are counsel for the School Energy Coalition. We enclose our Notice of Intervention for the above-mentioned proceeding, with apologies for filing late. We followed the Applicant's filing under EB-2011-0203 warning that this Application would be filed, and did not realize that a new EB # had been opened.

We request that the Board allow SEC to intervene in this proceeding. SEC understands that it must, of course, take the record as it stands.

All of which is respectfully submitted.

Yours very truly,  
**JAY SHEPHERD P. C.**

**IN THE MATTER** of the *Ontario Energy Board Act 1998*, Schedule B to the *Energy Competition Act*, 1998, S.O. 1998, c.15;

**AND IN THE MATTER OF** an Application by West Coast Huron Energy Inc. for an Order or Orders approving a Z-factor rate rider affecting just and reasonable rates and other service charges for the distribution of electricity, effective on October 1, 2011.

**NOTICE OF INTERVENTION**  
**OF THE**  
**SCHOOL ENERGY COALITION**

1. The School Energy Coalition applies for intervenor status in this proceeding.

**General Interest of the Intervenor**

2. The School Energy Coalition is a coalition established to represent the interests of all Ontario publicly-funded schools in matters relating to energy regulation, policy, and management. It is made up all seven of the major school-related organizations, representing all of the school boards, and all levels of school management, and through them representing the approximately 5000 schools and about 2 million students in Ontario. The primary goal of these organizations is to promote and enhance public education for the benefit of all students and citizens of Ontario.
3. The intervenor's members have a significant interest in the activities of regulated utilities and their affiliates in the province, due to the severe financial implications those activities have on school boards, their students and the people of the province of Ontario. Utility costs are one of the most significant cost pressures facing school boards. The cost of energy services to the intervenor's members is currently well over \$500 million, and has increased rapidly over the last several years. To produce balanced budgets in the face of ever increasing utility costs, school boards have repeatedly been forced to cut essential programs and services to the detriment of the students and the public of the province of Ontario.

### **Issues to be Addressed**

4. SEC's intended participation will focus on the following issues:
  - (a) The nature and amount of the incremental Z factor costs being claimed;
  - (b) The appropriateness of any other relief sought aside from recovery of prudently incurred emergency costs, and
  - (c) Generally to represent the interests of school boards and their students in this process.

### **The Intervenor's Intended Participation**

5. The School Energy Coalition intends to participate in any pre-hearing procedures, including interrogatories or technical conferences, and settlement conferences. SEC also intends to participate in any oral hearing of this matter, and in written or oral submissions, as well as any other parts of the process that the Board should order.

### **Nature of Hearing Requested**

6. Until interrogatories have been answered, we believe it is premature to assess whether a written or an oral hearing is more appropriate in this proceeding.

### **Counsel/Representative**

7. The School Energy Coalition requests that a copy of all documents filed with the Board by each party to this proceeding be served on the Applicant, and on the Applicant's counsel, as follows:
  - (a) School Energy Coalition: (electronic only)

**ONTARIO EDUCATION SERVICES CORPORATION**  
**c/o Ontario Public School Boards Association**  
439 University Avenue, 18<sup>th</sup> Floor  
Toronto, ON

Attn: Jay Shepherd

Phone: 416-483-3300

Cell: 416-804-2767

Fax: 416-483-3305

Email: [jay.shepherd@canadianenergylawyers.com](mailto:jay.shepherd@canadianenergylawyers.com)

**Costs**

8. The School Energy Coalition intends to apply for recovery of its costs reasonably incurred in the course of its intervention in this matter. The School Energy Coalition has participated in many past natural gas and electricity proceedings in Ontario, including consultations, rate cases, and other processes and hearings, and has been found eligible to be paid its reasonably incurred costs in all of those proceedings.
9. The School Energy Coalition is eligible for a cost award because it “primarily represents the interests of consumers (e.g. ratepayers) in relation to regulated services”. School boards are one of the largest groups of non-industrial energy consumers in the province, and their energy costs have a direct impact on the education of millions of Ontario children. The formation of the School Energy Coalition ensured that all representatives of the interests of schools participated jointly in OEB proceedings.
10. The School Energy Coalition is not ineligible by reason of any of the criteria contained in section 3.05 of the Practice Direction on Cost Awards.

Respectfully submitted on behalf of the School Energy Coalition this 15<sup>th</sup> day of October, 2011.

---
