

EB-2011-0303

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O.1998, c.15, Schedule B;

AND IN THE MATTER OF an application pursuant to section 74 of the *Ontario Energy Board Act, 1998* by Domtar Inc. to amend Schedule 1 of electricity generator licence EG-2011-0031.

By delegation, before: Jennifer Lea

DECISION AND ORDER

Domtar Inc. ("Domtar") filed an application on August 10, 2011 with the Ontario Energy Board pursuant to section 74 of the *Ontario Energy Board Act, 1998* (the "Act") to amend Schedule 1 of electricity generator licence, EG-2011-0031. The Board assigned the application file number EB-2011-0303.

The requested amendment to Schedule 1 of Domtar's electricity generation licence is required in order for Domtar to own and operate a high pressure steam turbo generation facility with 52 MW installed capacity at its Dryden pulp mill located in Dryden, Ontario.

There are no other changes requested to the licence. All other provisions remain the same.

I have proceeded without a hearing pursuant to section 21(4)(b) of the Act since no other parties are adversely affected in a material way by the outcome of the proceeding and the applicant has requested that the matter be disposed of without a hearing.

I find that the information provided in the application is sufficient to demonstrate that granting the requested amendment is in the public interest.

IT IS THEREFORE ORDERED THAT:

Schedule 1 of electricity generator licence EG-2011-0031 is amended to include the Dryden Pulp Mill generation facility located at 1 Dyke Street, Dryden, Ontario. The amended licence is attached to this Order.

DATED at Toronto, October 19, 2011
