Attention: Amendment – Electricity Generation License

Object: Amendment to Electricity Generation License (EB-2010-0387)

Dear Madam, Sir,

Hydromega Services Inc. ("HSI") filed an application, dated February 3rd, 2011, with the Ontario Energy Board ("OEB") under section 60 of the *Ontario Energy Board Act, 1998* for an electricity generation license as a Feed-In Tariff Program participant. The License was issued on April 11th, 2011.

We would like to request an amendment to *Schedule 1* of our Electricity Generation License. *Schedule 1* currently lists four (4) hydroelectric projects and we would like the following generating station to be added in *Schedule 1*:

**Okikendawt Hydroelectric Project, operated by the Licensee at the site
of Portage Dam (PWGSC), Upper French River, Dokis Bay, Ontario,
POM 2K0.**

An application for an Electricity Generation License (Feed-In Tariff Program) was submitted, on October 14th, 2011, by Okikendawt Hydro L.P. for the Okikendawt Hydroelectric Project. Okikendawt Hydro L.P. is the owner of the Okikendawt Hydroelectric Project. HSI will operate

the Okikendawt Hydroelectric Project. Please see attached copy of Okikendawt Hydro L.P.'s application.

We wish to have the proceeding disposed of without a hearing and we consent to disposing of the proceeding without a hearing. It is our firm belief that no other person will be adversely affected in a material way by the outcome of the proceeding. The Okikendawt Hydroelectric Project (Okikendawt Hydro L.P.) has a contract with the Ontario Power Authority for the purchase of electricity. The Okikendawt Hydroelectric Project will be connected to Hydro-One Networks Inc's distribution network.

We trust that our request for amendment is complete and that such amendment will be made upon issuance of a License to Okikendawt Hydro L.P. for the Okikendawt Hydroelectric Project. We invite you to contact Daniel Gillenwater (dgillenwater@hydromega.com) should you require additional information on this request.

Best regards,

Jacky Cerceau, President
Hydromega Services Inc.

Encl.
