Dear Ms. Walli:

**Re: CP Regional Power Services Limited Partnership;
Cancellation of Generation Licence EG-2005-0301**

We act for CP Regional Power Services Limited Partnership ("**CP Regional**"). CP Regional holds Electricity Generation Licence EG-2005-0301 pursuant to which it is authorized to operate the following five generation facilities located in northern Ontario: Calstock Power Plant, Hearst, Ontario; Kapuskasing Power Plant, Kapuskasing, Ontario; Nipigon Power Plant, Nipigon, Ontario; North Bay Power Plant, North Bay, Ontario; and Tunis Power Plant, Tunis Ontario (together, the "**Facilities**").

The Facilities are owned by Capital Power Income L.P. ("**CPILP**"). Atlantic Power Corporation ("**APC**") is expected to acquire CPILP on or about November 3, 2011 (the "**Transaction**"). Following the Transaction, APC will be the owner of the Facilities and a subsidiary of APC, Atlantic Power Services Canada LP ("**Atlantic**"), is expected to take over their operation.

By Application dated September 19, 2011, Atlantic applied for an electricity generation licence authorizing it to operate the Facilities. Atlantic's application has been assigned Board File Number EB-2011-0348. CP Regional supports Atlantic's application for a licence.

In light of the Transaction and Atlantic's application for its own generation licence, CP Regional requests that the Board cancel Electricity Licence EB-2005-0301, as of the date that Atlantic's

generation licence becomes effective. CP Regional requests that the Board proceed to determine CP Regional's request in this regard without a hearing.

Yours very truly,

(signed) H.T. Newland
