Dear Ms. Walli

**Re: Toronto Hydro-Electric System Limited – 2011 EDR
Suite Metering Confidential Filing
OEB File No. EB-2010-0142
Reply Submission**

Further to Toronto Hydro's November 4, 2011 correspondence to the Board which enclosed Confidential Filings with respect to the responses to Board Staff interrogatory 5 and CCC interrogatory 2, I attach redacted versions these THESL's IR responses.

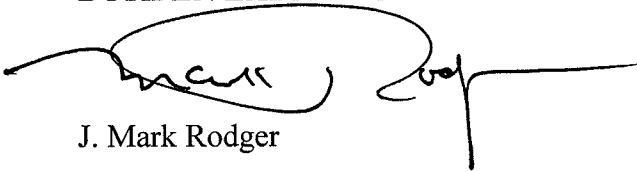

The specific confidential information concerns suite meter unit pricing and suite meter installation costs. This information was kept confidential at THESL's last rate case given the commercial sensitivity of this information. This same commercial sensitivity remains to date.

THESL is agreeable to providing unredacted versions of these interrogatory responses to those counsel in this proceeding who execute and return to us copies of the Board's Declaration and Undertaking. Accordingly, any consideration of this confidential material would be dealt with on an *in camera* basis at the hearing.

Please advise if you require anything further from THESL with respect to this matter.

Yours very truly,

BORDEN LADNER GERVAIS LLP
