Dear Ms. Walli:

**Re: Guelph Hydro Electric Systems Inc.  
Application for an Extension to Mandated Time-of-Use Pricing Date for  
Certain Regulated Price Plan Consumers  
Board File Numbers EB-2011-0365**

On October 17, 2011 Guelph Hydro Electric Systems Inc. ("Guelph Hydro") applied for an extension to its June 2011 mandated TOU pricing date and requested a new TOU pricing date of August 31, 2012 for 2,482 of its small commercial customers. Guelph Hydro stated the extension is necessary due to a meter interval data configuration issue for 2,096 of these customers' meters. Guelph Hydro stated the remaining 386 meters are not affected by the meter issue but as mixed-mode billing is impractical and could compromise the accuracy of customer bills, these customers will also require a TOU pricing date extension.

Board staff has reviewed the application and will not be filing interrogatories for further evidence.

Having reviewed the application and evidence, Board staff supports the requests for an extension to Guelph Hydro's mandated time-of-use pricing dates for these customers.

Yours truly,
