Dear Ms. Walli:

**Re: Application for Licence Amendment  
Iccon Transmission Inc. ("Iccon"), ET-2010-0403**

We are counsel for Iccon, a new entrant transmitter that was granted licence ET-2010-0403 by the Board on June 30, 2011.

Further to the Board's Decision and Order dated November 2, 2011 in proceeding EB-2011-0260, Iccon hereby applies under section 74 of the *Ontario Energy Board Act, 1998* to amend the effective date of its transmitter licence to earlier of:

- the date upon which Iccon is designated as a developer of transmission assets in Ontario pursuant to a Board designation process, or
- the date upon which Iccon applies to amend schedule 1 of the licence to specify the facilities to be owned and/or operated by Iccon.

Iccon proposes that notice of this application be given to all intervenors and observers that registered in its licence application (EB-2010-0403), all transmitters licenced by the Board, and those parties that have applied to be licenced as transmitters.

Iccon requests that a copy of all documents filed with the Board by each party to this proceeding be served on Iccon at the following address:
