Dear Ms. Walli

GRAM Application – Effective April 1, 2008

Board File No.: EB-2008-0048

Our File No.: 302701-000398

I am writing on behalf of the Industrial Gas Users Association (“IGUA”). We have reviewed Enbridge Gas Distribution Inc.’s (“EGD”) Application effective April 1, 2008. Based upon our review of EGD’s Application, IGUA does not oppose the approval of the April GRAM.

As an eligible intervenor, IGUA requests that the Board award it its reasonably incurred costs in conducting its due diligence examination of EGD’s GRAM Application. It is our practice to conduct a due diligence examination of the materials as well as their rate impacts on Industrial Gas Users. IGUA respectfully submits that the Board may derive some comfort from the fact that this GRAM Application has been subject to review and examination by IGUA.

For these reasons, IGUA requests an award of its reasonably incurred costs in connection with conducting this due diligence examination. We will submit a claim for costs on behalf of IGUA if the Board responds favourably to this request.

Yours very truly

Vincent DeRose
