1998, S.O. 1998, c. 15, Schedule B;

**AND IN THE MATTER OF** applications by Starwood  
SSM1 Canada, L.P. and Starwood SSM2 Canada,  
L.P. for standard offer program electricity generation  
licences.

By delegation, before: Jennifer Lea

## **DECISION AND ORDER**

Starwood SSM1 Canada, L.P. and Starwood SSM2 Canada, L.P. filed applications on September 1, 2011 with the Ontario Energy Board under section 60 of the *Ontario Energy Board Act, 1998* (the "Act") for electricity generation licences as Standard Offer Program participants. The Board assigned file numbers EB-2011-0333 and EB-2011-0336 to each application, respectively. Due to the similar nature of the applications the Board combined the applications into one proceeding pursuant to section 21(5) of the Act.

The Board's Notice of Application and Written Hearing for the electricity generation licences was issued on September 15, 2011. No parties responded to the Notice of Application and Written Hearing.

After considering the applications, I find it to be in the public interest to issue the electricity generation licences under Part V of the Act.

**IT IS THEREFORE ORDERED THAT:**

The applications for electricity generation licences are granted, on such conditions as are contained in the attached licences. It is also a condition of this order that the applicants comply with the terms of the connection agreement for a small embedded generation facility or a mid-sized embedded generation facility as set out in Appendix E to the Distribution System Code.
