Organization of Entities

For a corporate organization chart for FO and its licensed affiliates, please see Schedule A to this application. CNPI, API and Cornwall Electric are wholly-owned subsidiaries of FO, which is a wholly-owned subsidiary of Fortis Inc (“Fortis”). FPC is also a wholly-owned subsidiary of Fortis, which is a publicly traded company listed on the TSX.

The utility transmission and distribution business for the service areas of Fort Erie, and Gananoque are owned by CNPI. The utility distribution assets for the service territory of Port Colborne are leased by CNPI from Port Colborne Hydro Inc., a wholly-owned subsidiary of the Corporation of the City of Port Colborne. Shared Services

On September 30, 2010, Fortis Ontario filed an amended multi-party services agreement dated September 15, 2010 that pertains to FO, CNPI, Cornwall Electric, API and FPC. This multi-party services agreement was filed of a material change in the September 15, 2005 agreements. The September 15, 2010 services agreements include API. Section 74 of the *Ontario Energy Board Act, 1998* (the “Act”) is the statutory provision that enables the Board to amend the Licence to make the changes referred to herein.
