of either line J or line K is positive, and the other is negative, enter the difference (9.... or loss) on the **subtotal** line. On the **inclusion** rate line, enter the inclusion rate applicable to the period from which the larger amount originates, and calculate the net gain or net loss at line aa based on that rate. In this case, it would not be necessary to calculate an amount at JJ and KK. Otherwise, add lines J and K, and lines JJ and KK for the subtotals. At the **inclusion** rate line between a and aa, enter the result of aa divided by a. This rate may be required in further calculations.

#### Note 3

If one of either line a or line L is positive, and the other is negative, enter the difference (gain or loss) on the total line. On the inclusion rate line, enter the inclusion rate applicable to the period from which the larger amount originates, and calculate the net gain or net loss at line bb based on that rate. This could be the rate referred to at the end of the note 2 above. In this case, it would not be necessary to calculate an amount at line LL. Otherwise, add lines a and L, and lines aa and LL for the totals.

# EEMENT AMONG ASSOCIATED CANADIAN-CONTROLLED PRIVATE CORPORATIONS ALLOCATE THE BUSINESS LIMIT

- For use by a Canadian-controlled private corporation (CCPC) to identify all associated corporations and
  to assign a percentage for each associated corporation. This percentage will be used to allocate

  also be used to determine the date the balance of tax is due and to calculate the reduction to
  the business limit.
- An associated CCPC that has more than one taxation year ending in a calendar year, is required to file an agreement for each taxation year ending in that calendar year.
- Column 1: Enter the legal name of each of the corporations in the associated group, including non-CCPCs and CCPCs that have filed an election under subsection 256(2) of the "Income Tax Act," not to be associated for purposes of the small business deduction.

  - 3 non-CCPC that is a "third corporation" as defined in subsection 256(2)

  - 5 associated CCPC that is not associated for purposes of allocating the business limit because of a subsection 256(2) election made by a "third corporation"
- In 4: Enter the business limit for the year of each corporation in the associated group that is computed at line 4 on page 4 of each respective corporation's T2 return.

- Column 6: Enter the business limit allocated to each corporation by multiplying the amount in column 4 times the percentage in column 5. Add all business limits allocated in column 6 and enter the total at line A. Ensure that the total at line A is equal to an amount in one of the following ranges, whichever applies:
  - from \$200,001 to \$225,000, if the calendar year to which this agreement applies is 2003;
  - from \$225,001 to \$250,000, if the calendar year to which this agreement applies is 2004; or
  - from \$250,001 to \$300,000, if the calendar year to which this agreement applies is 2005. If the calendar year to which this agreement applies is after 2005, ensure that the total at line A does not exceed \$300,000.

#### Business limit reduction under subsection 125(5.1)

The business limit reduction is calculated in the small business deduction area of the T2 return.

- f the amounts used in this calculation is the "Large corporation tax" at line 415 of the T2 return. It corporation is a member of an associated group\*\*\* of corporations in the current taxation year, and that taxation year:
  - starts before December 21, 2002, the amount at line 415 of the T2 return is equal to the gross Part I.3 tax of each corporation in the associated group\*\*\*\* for its last taxation year ending in the preceding calendar year. The gross Part I.3 tax is the amount before deducting the surtax credits, which is increased to reflect a full-year tax liability if the taxation year is less than 51 weeks; or
  - starts after December 20, 2002, the amount at line 415 of the T2 return is equal to 0.225% x
     (A \$10,000,000) where, "A" is the total of taxable capital employed in Canada\*\* of each corporation in the associated group\*\*\* for its last taxation year ending in the preceding calendar year.
  - \* Each corporation will enter on line 410 of the T2 return, the amount allocated to it in column 6. However, if the corporation's taxation year is less than 51 weeks, prorate the amount in column 6 by the number of days in the taxation year divided by 365, and enter the result on line 410 of the T2 return.

If a CCPC has more than one taxation year ending in a calendar year and is associated in more than one of those years with another CCPC that has a taxation year ending in the same calendar year, the business limit for the second (and subsequent) taxation year(s) will be equal to the business limit allocated for the first taxation year ending in the calendar year.

- \*\* "Taxable capital employed in Canada" has the meaning assigned by subsection 181.2(1) or 181.3(1) or section 181.4 of the "Income Tax Act."
- \*\*\* The associated group includes the corporation filing this schedule and each corporation that has an "association code" of 1 or 4 in column 3.

<sup>\*</sup> The % of the annual business limit required to maximize the small business deduction is .0000%.
