Dear Ms. Walli:

**Re: Espanola Regional Hydro Distribution Corporation
PUC Distribution Inc.
Application for an Extension to Mandated Time-of-Use Pricing Date for
Certain Regulated Price Plan Consumers
Board File Numbers EB-2011-0358, EB-2011-0359**

PUC Distribution Inc. and Espanola Regional Hydro Corporation applied for an extension to their October 2011 TOU pricing date and requested a new date of March 2012 for 1,181 and 99 of their General Service <50kW customers, respectively. The applicants stated the extension is necessary due to delays experienced as a result of an issue with certain three phase meters that are delivering suspect interval data due to improper time-alignment of the consumption intervals.

Board staff has reviewed the applications and will not be filing interrogatories for further evidence on either application.

Having reviewed the application and evidence, Board staff supports the requests for an extension to their mandated time-of-use pricing dates for these customers.

Yours truly,
