Dear Ms. Walli:

EB-2011-0118 – Hydro One Networks’ Request for Exemption from Section 6.2.6 & 6.2.7 of the Distribution System Code - Hydro One Networks’ Comments on Intervenor Cost Claims

I write to advise that Hydro One Networks (Hydro One) will raise no issues with respect to the claims from Canadian Manufacturers and Exporters and Ontario Sustainable Energy Association. Hydro One does have comments on the cost claims of Canadian Solar Industries Association (CanSIA) and Steve and Roger Quenneville.

With respect to the claims filed by CanSIA, Hydro One notes that CanSIA has not submitted receipts for disbursements such as courier costs. Therefore, Hydro One would request that the Assessment Officer review the disbursements and ensure that all the receipts match the respective claims.

Hydro One also requests that the Assessment Officer review the claims filed by Steve and Roger Quenneville. Hydro One notes that this claim was not filed in accordance with the Board-approved forms as issued on Appendix B of the Ontario Energy Board’s Practice Direction on Cost Awards. Furthermore, the claim did not submit receipts for some disbursements, such as photocopying expenses.

Sincerely,
