Attention: Ms. Kirsten Walli, Board Secretary

**Re: Canadian Renewable Energy Corporation – Application for Authority to Expropriate
for Wolfe Island Wind Plant transmission line, EB-2008-0050**

Dear Ms. Walli:

We are counsel to Canadian Renewable Energy Corporation ("CREC"). On February 21, 2008, CREC filed an application for authority to expropriate land for the construction of certain transmission facilities for its Wolfe Island Wind Plant.

Tab 6 of that Application was a draft Reference Plan of Survey showing the lands to be expropriated. Unfortunately, there were two typographical mistakes in the Legend at the top of the Survey:

1. It showed the Area for Part 7, 14 as 224. The Area for Part 7, 14 is actually 3777 sq. m.
2. It showed the Area for Part 13 as 745. The Area for Part 13 is actually 945 sq. m.

Part 13 is one of the parcels for which CREC seeks authority to expropriate, and in reliance on the previous Survey the incorrect area of 745 sq. m. was cited in the Pre-Filed Evidence and the Application.

As a result, CREC would like to Amend its Application and its Pre-Filed evidence in order to correct these errors. Please find enclosed 9 hard copies of the following:

- a. the Amended Application, with the second page where the amendment was made printed on blue paper;
- b. the Amended Pre-Filed Evidence, with the fourth page where the amendment was made printed on blue paper; and
- c. a corrected draft Reference Plan of Survey to replace the one previously filed as tab 6 of the Application.

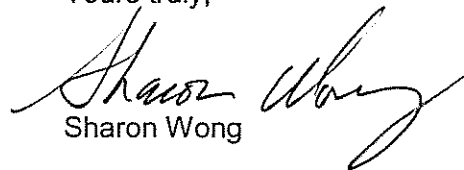

21745223.1

Please replace the documents in the previously filed Application with the enclosed Amended documents.

We also enclose a disc containing electronic files for each of the three amended documents.

Yours truly,

Sharon Wong
