RE: Notice of Application and Hearing For an Electricity Distribution Rate Change
Enersource Hydro Mississauga Inc.
File No. EB-2011-0100

Please be advised that I object to "any" Hydro rate increases.
Don't you people think that enough is enough?

Please see my comments below, regarding Time of Day charges that are being implemented. I point out that after over 8 years of frustration dealing with my local M.P. Peter Fonseca and Dalton McGuinty regarding the ridiculous cost increases in Hydro in this province, I will not live long enough to embark on another 8 years of frustration when dealing with the Government of Ontario.

Enersource Hydro Mississauga Inc. is, I believe, 90 % owned by the City of Mississauga!
My Councillor in Mississauga East is "Chris Fonseca." I expect the same as that which I received from her Husband!

If Enersource needs money maybe they should cut some waste, Director and Management costs.

Get rid of the "plum" Board appointments of City Councillors, etc.

In other words operate like any other company must.
