Kirsten Walli
Board Secretary
Ontario Energy Board,
2300 Yonge St.
Suite 2700, P.O. Box 2319
Toronto, Ontario
M4P 1E4

Dear Ms. Walli:

**Re: Oakville Hydro Electricity Distribution Inc.
Phase 2 – Initiative to Develop Electricity Distribution Reliability Standards
Board File No.: EB-2010-0249**

Oakville Hydro Electricity Distribution Inc. (Oakville Hydro) is very interested in participating in the Reliability Data Working Group. Oakville Hydro wishes to nominate Jeff Mocha to represent Oakville Hydro.

Jeff holds the position of Manager of Assets and Control and is a registered Professional Engineer. Jeff is currently responsible for control room operations, service reliability, smart-grid strategic planning and asset management planning. Jeff is currently working on the development of an Outage Management System with Oakville Hydro's SCADA supplier which will be implemented early in 2012.

Jeff is a member of the Canadian Electricity Association's (the "CEA's") Service Continuity Committee and is a regular participant in the Utility Operations Group led by Horizon Utilities as well as other benchmarking activities related to control room operation.

One of the objectives of the CEA's committee is to maintain, update and provide guidance on common definitions and terms used in service continuity performance measurement consistent with Canadian and international utility practices. Oakville Hydro believes that Jeff's participation in this Committee has provided him with very sound knowledge of, and solid insights into industry best practices and that this knowledge would be of great benefit to the Reliability Data Working Group.

Respectfully Submitted,

Maryanne Wilson
