Dear Ms. Volnyansky:

**Re: Enersource Hydro Mississauga Inc. ("Enersource")
2012 Incentive Regulation Mechanism (2012 IRM) Rate Application
Board File Number EB-2011-0100
Notice of Intervention of L. Volnyansky**

The Board has received your request dated December 19, 2011 for intervenor status in the above-noted application and confirms you as an intervenor in the above noted proceeding, subject to Enersource's right of reply to your request within 14 calendar days from the filing of your notice of intervention. The Board confirms that you will not be requesting costs in relation to this proceeding.

With respect to your request that an oral hearing be held, the Board will proceed to hear this application in writing as indicated in the Notice of Application dated October 5, 2011. Given the formulaic nature of an IRM application and the limited number of issues to be considered by the Board in this application, the Board is of the view that a written hearing provides an adequate opportunity for all interested parties to participate. As is the practice for any application heard by the Board, the Board will review all submissions received from interested parties and consider all submissions that are within the scope of the proceeding in rendering its decision.

Yours truly,
