Dear Mr. Martin:

**Re: Oshawa PUC Networks Inc.
Application for Rates
Application Board File Number EB-2011-0073**

On January 10, 2012, the Board issued its Rate Order in the above noted matter. Certain administrative errors were identified in the approved Tariff of Rates and Charges that have necessitated issuing a corrected Rate Order.

The fixed charge under the Residential Service Classification for:

- The *Rate Rider for Recovery of Residual Historical Smart Meter Costs – effective until December 31, 2015* should be \$0.10 to correct for rounding to two decimals;
- The *Rate Rider for Recovery of Stranded Meter Assets – effective until December 31, 2015* should be \$0.57 to correct for rounding to two decimals.

The fixed charge under the General Service Less than 50 kW Service Classification for:

- The *Rate Rider for Recovery of Residual Historical Smart Meter Costs – effective until December 31, 2015* should be \$0.43 to correct for rounding to two decimals.
- The *Rate Rider for Recovery of Stranded Meter Assets – effective until December 31, 2015* should be \$2.49 to correct for rounding to two decimals.

Yours truly,
